

WARREN FARM PRIMARY SCHOOL

RISK MANAGEMENT AND THE RISK REGISTER

1. RISK MANAGEMENT

1.1 The management of risks to the School and the fulfilment of the Vision Statement is undertaken in accordance with the Funding Agreement and the Academies Financial Handbook.

1.2 The Governing Body is responsible for risk management and for maintaining a sound system of internal control that supports the achievement of policies, aims and objectives, whilst safeguarding public funds and other funds and assets for which it is responsible. The Governing Body is advised in this role by the Finance Committee and both are advised and informed by the Senior Management Team.

1.3 The Governing Body fulfils its role by establishing the system of internal control:

1.3.1 Approving and reviewing a series of policies that underpin the internal control process;

1.3.2 Agreeing objectives, plans and resources by means of the budget and the annual *School Evaluation and Development Plans*;

1.3.3 Approving this policy statement and the attached Risk Register (prepared by the Finance Committee) and reviewing them carefully each year to identify risks, near misses and opportunities;

1.3.4 Considering carefully the advice from the Responsible Officer, Auditor and Audit Committee on internal financial controls, together with advice from any external consultants or inspectors.

1.4 The Senior Management Team fulfils its Risk Management role by:

1.4.1 implementing governors' policies on risk management and internal control;

We, the staff and governors, aspire to ensure that all our students, irrespective of ability and regardless of anyone's doubts, achieve their potential in full; and we aspire in this way to make Warren Farm Primary School the best in the country.

1.4.2 advising the Finance Committee of the fundamental risks faced by the school and helping to evaluate them;

1.4.3 providing timely and sufficient information to governors and the Finance Committee on the status of risks and controls;

1.4.4 assisting the Finance Committee to draw up and revise the Risk Register;

1.4.5 working to embed risk management and risk-based internal control in all aspects of school management.

1.5 The Risk Register has been completed in the form recommended in the Academies Financial Handbook and it uses the terms listed there. It shall be revised annually by the Finance Committee who will recommend it to the Governing Body.

1.6 In its annual consideration of the Risk Register the Governing Body should consider these issues:

1.6.1 Whether risk management continues to be linked to the achievement of the School's objectives;

1.6.2 The appropriate risk appetite or level of exposure for the School as a whole;

1.6.3 Whether risk review procedures cover fundamental strategic and reputational, operational, compliance, financial and other risks to achieving the School's objectives;

1.6.4 Whether risk assessment and risk-based internal control are embedded in on-going operations and form part of its culture;

1.6.5 Changes in the nature and extent of fundamental risks and the School's ability to respond to changes in its internal and external environment since the last assessment; the scope and quality of management's on-going process of monitoring the system of internal control including such elements as the effectiveness of assurance functions;

1.6.6 The extent and frequency of reports on internal control to the Governing Body and whether this is sufficient for the Governing Body to build up a cumulative assessment of the state of control and effectiveness of risk management;

1.6.7 The incidence of any fundamental control failings (risk events) or weaknesses identified at any point within the year (near misses) and the impact that they have had or could have on financial results;

1.6.8 The effectiveness of the School's public reporting processes;

1.6.9 The effectiveness of the overall approach and policy to risk management and whether changes or improvements to processes and procedures are necessary.

NOTE: Explanation of the Responses to Risk outlined in the Risk Register.

TRANSFER This may be done by conventional insurance or by paying a third party to take the risk in another way.

TOLERATE Exposure to risk may be tolerable without any further action. Alternatively, it may not be possible to do anything about the risk without a disproportionate cost.

TREAT This may not obviate the risk – it is more likely that the aim will be to contain it to an acceptable level.

TERMINATE This response is used when the only way to contain a risk to acceptable levels is to discontinue the activity that gives rise to the risk (*not possible if there is a legal duty to engage in the activity*).

ABBREVIATIONS USED IN THE RISK REGISTER:

SBM	=	Strategic Business Manager.
AGM	=	Academy Trust Members' Annual General Meeting.
GB	=	Governing Body.
RO	=	Responsible Officer

2. THE RISK REGISTER

Risk Register - Strategic and Reputational Risks

Category	Sub category	Specific	Likelihood of occurring (5=high, 1=low)	Impact if occurs (5=high, 1=low)	Response (transfer, tolerate, treat, or terminate)	Control procedures and target date	Person(s) responsible for action	Date of next review
1 Strategic risk	Charitable objects risk	Charity is not operating within its objects	1	3	Treat	SMT & Finance Committee reviews	GB	Sept 2023
		Charity's objects become out of date / are no longer appropriate	1	1	Tolerate	Members keep under review	AGM	Sept 2023
		Charity receives unfavourable Ofsted report	2	4	Treat	Regular review of School Evaluations and HT targets	GB /SMT	Sept 2023
	Charitable status risk	Risk that charity could lose its charitable status	1	4	Tolerate	SMT and Finance Committee reviews	GB	Sept 2023
	Long term demand risk	Insufficient demand for charity's services leaves it unsustainable	1	5	Treat	Regular discussion item in SMT and GB. SBM to monitor birth rates / planned intake and pupil numbers.	Head Teacher / SBM / GB	Sept 2023
	Competition risk	Presence of other organisations with similar objects and little scope for differentiation	5	5	Treat	Regular discussion item in SMT and GB to identify ways of improving further. Attainment focus.	Head Teacher / GB	May 2023
		Other organisations competing for the same sources of income	5	5	Treat	Regular discussion item in SMT and GB to identify ways of improving further. Attainment focus.	Head Teacher / GB	May 2023
	Stakeholder risk	Beneficiaries/other stakeholders don't consider that charity provides a valuable/high quality service	5	5	Treat	Regular discussion item in SMT and GB to identify ways of improving further. Attainment focus.	Head Teacher / GB	May 2023
	Alliance / partnership risk	Appropriateness of alliance	1	1	Tolerate	Not a practical risk at present	n/a	Sept 2023
		Integrity of partner risk	1	1	Tolerate	Not a practical risk at present	n/a	Sept 2023

Risk Register - Strategic and Reputational Risks Cont'd

Category	Sub category	Specific	Likelihood of occurring (5=high, 1=low)	Impact if occurs (5=high, 1=low)	Response (transfer, tolerate, treat, or terminate)	Control procedures and target date	Person(s) responsible for action	Date of next review
	Investment powers risk	Risk of Trustees not acting in accordance with their investment powers	2	2	Treat	Financial procedures followed and reviewed	Finance Committee	Sept 2023

G. Glossary of Risk Terms

Assurance	gaining (independent) confirmation that the organisation's governance, risk management and internal control framework is appropriate, adequate and achieving the effects for which it has been designed
Corrective Control	a control designed to correct undesirable outcomes
Detective Control	a control designed to detect undesirable outcomes which have arisen
Directive Control	a control designed to ensure a particular outcome
Embedding Risk Management	ensuring that the risk management strategy is reflected in the objectives and function of every level of the organisation
Exposure	the consequences, as a combination of impact and likelihood, which may be experienced by the organisation if a specific risk is realised
Horizon Scanning	systematic activity to identify changes in risk as early as possible
Inherent Risk	the exposure arising from a specific risk before any action has been taken to manage it

Internal Control	any action taken within the organisation to manage risk, including the impact if the risk is realised and the frequency of it
Impact	the evaluated effect or result of a particular outcome actually happening
Likelihood	the evaluated probability of a particular outcome actually happening (including a consideration of the frequency with which the outcome may arise)
Preventive Control	a control designed to prevent an undesirable happening
Residual Risk	the exposure arising from a specific risk after action has been taken to manage it
Risk	uncertainty of outcome, whether positive opportunities or negative threats, arising from a combination of impact and probability, including perceived importance
Risk Appetite	the amount of risk that an organisation is prepared to accept, tolerate, or be exposed to at any point in time
Risk Assessment	the evaluation of risk with regard to the impact if the risk is realised and the likelihood of the risk being realised
Risk Management	all the processes involved in identifying, assessing and judging risks, assigning ownership, taking actions to mitigate or anticipate them, and monitoring and reviewing progress
